

COLOUR VARIANTS

Name MONA MEDIUM PENDENT D270 H260

Type pendent lamp

ID PC979

Description The Mona collection is based on the concept of penetrating forms. The light source boldly traverses the ample volume of smooth handblown glass to reveal the thrilling tension inherent in the design. The collection's essence, however, lies in its unconventional construction and refined combination of materials. It also boasts dimmable tubular LED light sources, developed by Brokis, each with a different colour temperature. The Mona Medium collection includes floor, suspension, and wall lights of medium proportions compared with the other Mona collections.

Technical description Combined craftsmanship / hand-blown glass in combination with oak and metal body The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all Brokis products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production.

Glass Colour

| | | |
|--------------------------------|-----|--------|
| transparent glass | BAS | CGC23 |
| smoke grey - transparent glass | BAS | CGC516 |
| opaline - transparent glass | BAS | CGC38 |
